## Program Introduction

Every year, World Help collects, ships, and distributes millions of dollars' worth of critical relief aid to more than 15 countries.

We seek to partner with those who endorse our vision of a world in which individuals, families and communities have the hope and capacity to build conditions that promote health and prosperity.

We promote the total health of people living in the world's poorest communities by partnering to:

- Provide essential, basic supplies
- Prevent food insecurity
- Promote community health and development
- Encourage spiritual transformation

Partners must be participating in non-profit charitable work. World Help complies with U.S. export controls and screens all applicants according to government-published lists, i.e. OFAC, prior to releasing any in-kind or monetary gift.

Partners interested in receiving in-kind shipments must also secure sufficient funding to cover any charges/fees incurred from customs clearance and point-to-point distribution. World Help covers door-to-door transportation costs for all of its container shipments.

For more information on the requirements and/or expectations for this program, please consult the [Program Guidelines & Expectations](#) document.

If you are interested in applying for material assistance, please create your account and complete the [online application](#) and a member of our team will be in touch with you within 1-2 business weeks.

We consider it an honor and privilege to serve you and your ministry as you reach those vulnerable individuals and communities with *Help for today ... and Hope for tomorrow.*

- The Aid & Relief Team

Help for today. Hope for tomorrow.
